

## **VOTING BY PHONE**

Because so many of you have reported that you have had problems voting from your online devices, we are creating a way for you to text us how you want to vote and we will submit your vote for you. We are in the process of setting that up for you now and you will hear from us soon.

## **ONLINE DIRECTION**

To be clear, all of the previous instructions we've given you are still correct and you can still vote online.

You have received your e-ballots number from us (if you have not, please search for an email from [info@slffirm.com](mailto:info@slffirm.com)). If you cannot find it, you can email us and request it again and we will send it to you. With your e-ballot number, you visit Prime Clerk's website (<https://restructuring.primeclerk.com/pge/EBallot-Home>) and cast your vote.

FIRST, you enter your name, email address, and e-ballot number.

THEN, the website takes you to an online document that is the ballot.

ON PAGE 7, you can choose whether to Accept or Reject.

ON PAGE 8, it asks you for your personal information. You do not need to fill this out, but you can. If you do, use only the last four digits of your SS#.

You do need to ELECTRONICALLY SIGN the ballot by simply typing in your name.

And then SUBMIT.

Prime Clerk will immediately send you a confirming email with an attachment showing a copy of your cast vote.

Every plaintiff in your household has a vote - every adult, child, business, trust, or estate that is a plaintiff in this litigation.
